

October 13, 2009

Dear Modock Springs Investigation Area Residents:

You will be receiving some important notices from the New York State Department of Environmental Conservation (NYSDEC) and the New York State Department of Health (NYSDOH) concerning their investigations. The NYSDEC is prepared to describe their Proposed Remedial Action Plan (PRAP) for the groundwater and the NYSDOH is prepared to discuss the study they have done. We have scheduled two Public Meetings to review their work.

1. The DEC will present their PRAP on October 27, 2009, in Victor's Town Hall (1st Floor Meeting Room) at 7:00 PM. DEC representatives will also hold a Public Availability Session on October 28, 2009, in Victor's Town Hall (Department Head Conference Room) from 10:00 AM to 2:00 PM. This session on the 28th is intended to address individual citizen questions and concerns.

--The DEC will distribute a "Fact Sheet" for the PRAP via the US Mail during the week of October 12th to all of you. This "Fact Sheet" will contain a link to the DEC website to access the full PRAP. This begins a 30-day comment period where the DEC will be collecting comments on the PRAP.

2. The DOH will present the results of their study on October, 28, 2009, in Victor's Town Hall (1st Floor Meeting Room) at 7:00 PM. DOH representatives will also hold a Public Availability Session on October 29, 2009, in Victor's Town Hall (2nd Floor Conference Room) from 10:00 AM to 1:00 PM.

--The DOH will also send you a "Fact Sheet" via the US Mail during the week of October, 12, 2009.

These meetings present a tremendous opportunity for all residents to voice any remaining concerns and opinions regarding these issues. We strongly urge you to please mark these dates on your calendars and attend these important Public Meetings. The completion of this NYSDEC and NYSDOH work will be a critical step for completing the Modock Springs investigation and moving the Town's Value Protection Plan forward.

Please contact us if you have any questions.

Best Regards,

Jack Marren

Mike Annechino
