

VILLAGE OF VICTOR

INCORPORATED 1879

January 25, 2010

Dear Residents:

Starting **February 3rd, 2010**, the Village of Victor Department of Public Works will begin **picking up ALL recyclables on Wednesdays** in the Village. Casella Waste has implemented a "Zero -Sort" program at the Ontario County Landfill, which means that you do not have to sort your recyclables. All recyclables can go into one container. At this time, there is no cost to the Village for dumping recycling but there is a fee for the refuse. The more we recycle, the more we can save on dumping fees.

Garbage pick-up will remain the same on Tuesdays and Thursdays. You may continue to use your blue bins or you may use a 32 gallon container if you have more recyclables. All regulations, except the sorting of recyclables, will remain the same. **Please do not mix with any garbage.**

As a reminder, recycling and garbage needs to be out by 7:00am the morning of pickup. I hope by starting this program it will be easier for the residents and will encourage them to recycle as much as possible.

I also would like to take this time to remind the residents, commercial and residential, about dumping grease and oil down sinks. This has caused substantial problems lately with sewer backups in the Village. Some residents do not understand that when grease is poured down the drain, the minute that it hits the cold water it forms a ball and causes sewer backup. Please pour grease into a closed container and disposed of it when it is cool enough to place into your garbage.

Thank you for your cooperation with these matters. Together we can cut costs for the taxpayers in the Village of Victor. Please refer to our website www.victorny.org for more information. If you have any questions please call Village Hall at 924-3311 M - F, 8:30am - 4:30pm.

Sincerely,

John Turner, Director of Public Works

MAYOR

John S. Holden
924-3311
