PUBLIC HEARINGS

1. 1240 HUNTERS RUN – FENCE - Area Variance 4-Z-19
The applicant is requesting an area variance to allow an existing split rail fence between the house and road on a corner lot, whereas §211-41H indicates that fences over two feet high shall not be erected nearer to a road than the front line of the principal building. The property is zoned Residential 2 and is owned by the applicant.
2. 7850 ROYAL WOODS - DENSITY – Area Variance 5-Z-19
The applicant would like to subdivide their property and build a home on the created lot with access from Benson Road. The property is in the Limited Development District with Density Overlay District A, meaning one house per three acres. The lot is within the Royal View Subdivision which was pre-existing, non-conforming with a heavier density, before the Density Overlay Districts were codified in §211-27.3.
3. ACCESSORY STRUCTURE ON NORTH ROAD LOT NEAR STRONG ROAD 6-Z-19
Area Variance
The applicant is requesting to place an accessory structure on an empty building lot, whereas §211-20A, R-2 District regulations, indicates the permitted district uses are those permitted in in the R-1 District and §211-19A(3) states that accessory structures which are clearly subordinate to a principal building are permitted. The property is zoned Residential-2 and is owned by the applicant.
