Because we have documented rabies in Ontario County, the law requires that all dogs, cats and ferrets be up to date on rabies vaccine at all times. Clinics are FREE but donations are appreciated.

Things you need to know for clinic day:

1. Animals must be healthy and at least 3 months (12 weeks) old.
2. Bring your pet's most recent rabies certificate, if you have one.
3. Pets must be on a leash or in a carrier; one pet per carrier, please.

For more information, call Ontario County Public Health at (585) 396-4343
