Combating Consumer Fraud Presentation

United States Postal Inspectors will give a presentation on consumer or mass-marketing frauds — the tactics con artists employ, and what you can do to protect yourself and your loved ones. The presentation will include a discussion on identity theft.

An independent federal agency, the U.S. Postal Service is the only delivery service that visits every address in the nation – 146 million homes and businesses. It has 37,000 retail locations and relies on the sale of postage, products and services to pay for operating expenses, not tax dollars. The Postal Service has annual revenues of \$75 billion and delivers nearly half the world's mail.

About the U.S. Postal Inspection Service

The U.S. Postal Inspection Service is one of the oldest federal law enforcement agencies in the country. For more than 200 years, Postal Inspectors have protected the U.S. Postal Service, secured the nation's mail system and ensured public trust in the mail.
